About Us

George & I love to dance and teach. We also love to travel, so you are very likely to find us at many of your local dance festivals throughout the summer. As a matter of fact, we would appreciate knowing about what is happening in your local area, so that we can plan to attend either as guest instructors or as dancers. Please keep us informed! We try to publish our travel plans on our web page, so if you notice we are coming your way, feel free to tell us what's in your area. We dance all levels and enjoy socializing too! We even stop dancing long enough to sight see, bird, hike, and kayak occasionally.

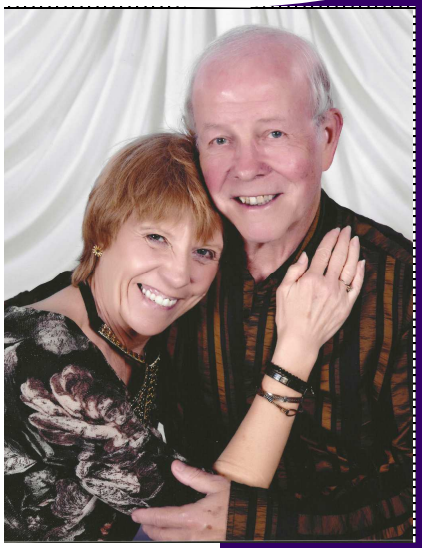
Dancing with George & Pamela



Carousel Club 323

George & Pamela Hurd Dancing GyPsies

Come Dance with us!

Paid Political Announcement

We started dancing in 1989 in Anchorage, Alaska. We started with Square Dancing and after graduating from 2 Main Stream classes the first year without missing a lesson in either class, we discovered our love of dance. We added Round dancing and Advanced Squares to the agenda and the obsession grew. We added another dimension with Ballroom lessons in 1992 and George started cueing in 1995. That year we started a beginners class and realized how fulfilling a teaching career can be. When we both retired from "work" in 1998, we began traveling full time in our RV, teaching and dancing as we go. So far George has cued in 38 states of the United States. We've also taught in Canada, Sweden, Germany, Japan, Cuba, Scotland, Egypt, the Czech Republic, Slovakia, New Zealand, Africa & Australia. We even danced in Antarctica!!! We plan to keep adding to the list! We don't want to give up our first love of dancing, so anytime we are not teaching, you will probably find us somewhere attending a dance festival or just visiting local clubs and enjoying the floor time.

Come dance with us!
